Educational

St. Petersburg, Russia

ITMO University

Sep. 2018 - Sep. 2019

- Degree: Bachelor
- Major: Computer Science and Programming
- Coursework: Programming Languages, Computer Architecture, Algorithms and Data Structures, Probability Theory, Mathematical analysis, Linear Algebra.

St. Petersburg, Russia

SPbSTU

Sep. 2019 - Present

- Degree: Bachelor
- Major: Computer Science and Programming
- Coursework: Programming Languages, Computer Architecture, Algorithms and Data Structures, Probability Theory, Mathematical analysis, Linear Algebra, Operating systems.

Additional Courses

- **Computer Science Center:** C ++ programming, C ++ programming (continued).
- **Bioinformatics Institute:** Python: Basics and Applications.

Technical Experience

- Some homework at the University (C++, Java).

Additional Experience

- Summer schools teacher (2017 - Present): Lectures on algorithms and data structures, lectures on olympiad maths.
- The author and judge of competitions in maths. Also have large experience in competitive programming and olympiad maths.

Skills and Technologies

- Algorithms and data structures.
- C++ : STL, OOP, Multithreading (basic knowledge), gtest.
- Python, Java: basic knowledge.

- HTML/CSS: basic knowledge.
- Distributed version control system Git.
